## Mansfield Will Host Recreation Day On July 19

At the meeting of the Board of Directors of the Wabash Valley Association in Sullivan, 49 counties represented by 79 directors voted unanimously to encourage a real demonstration of the interest in water facilities and the needs of well-planned recreational facilities in all the reservoirs being built and those being planned.

An all-out recreation day has been set for July 19, at the Mansfield Reservoir, located on U.S. 36, east of Rockville. Governors and U.S. Senators from Indiana and Illinois are expected to attend this all day demonstration of many fine advantages of water recreation.

The great need of proper development of recreation facilities for the 3 1/2 million people living within the Wabash River Basin and the 7 million people living in adjacent areas. The Association feels that this is not only a local problem but a State and National problem and should be promoted and developed by all of the agencies. The Association also feels that the social welfare of the people of this country must be protected and facilities proved. We can no longer accept the recreational benefits as a by-product, but must recognize the tremendous value involved in all land and water resource development the need of providing ample recreation for the future.

The Directors of the Association recommended changes in Public Law 566 of the Small Watershed Act, asking the U.S. Department of Agriculture to develop a program in the Wabash River Basin that would fit the Association's desire for a total water resource development plan. In order for this to be accomplished, the Department of Agriculture would have to amend Public Law 566 so that a sufficient supply of low flow water be made available for stream pollution problems and the Association believes that this is a Federal government cost and should be planned and designed without any cost to the local conservancy district or the states of Illinois and Indiana. The Association again re-affirms its stand on the need of stream pollution controls in the states of Illinois and Indiana and asked that all agencies ban together to develop quality water for all of the people of the Wabash River Basin.

Henry Wallace, President of the Wabash Valley Association, appointed the following directors to serve on a co-ordinating committee with the Wabash Valley Interstate Commission. Those appointed for the committee were: Russell Apple, Newton, Ill.; Dr. Joe Kernell, New Castle, Ind.; Robert Volmer, Logansport, Ind.; Henry Wallace, Crossville, Ill.; George Gettinger, Executive Vice President of WVA.

Mr. Wallace also appointed a resolution committee for the annual meeting, naming Arthur Nordhoff, Jasper, Ind., Chairman; Joe Nixon, Wabash, Ind.; Phil Pearce, Carmi, Ill.; Ben Hall, Charleston, Ill.; Sam Miller, Fairfield, Ill.; Tom Graham, Washington, Indiana; Catlin Whitehead, Anderson, Indiana.

There are more than 1,620 public buildings, streets and facilities in Russia named Shevchenko for the 19th century Ukrainian poet and national hero, according to the Soviet Novosti Press Agency.

## Local Man Kills Self

Harold H. Stoner, 68, committed suicide in his home at 8 South Madison Street sometime Tuesday night by shooting himself in the right temple with a 22-caliber rifle.

Mr. Stoner was born Sept. 6, 1895, the son of the late John W. and Mary Harmick Stoner. He spent his early life in Greencastle and went to Mississippi in 1930 where he was engaged in cotton farming with his brother, Lacy. He returned to Greencastle in 1950. He was never married.

He is survived by three sisters, Miss Mabel Stoner and Mrs. Florence Newhouse, both of San Antonio, Texas, and Mrs. Lottie Wood of San Francisco, California. He was preceded in death by his parents and two brothers, Peter P. and Lacy S. Stoner.

The body will be sent directly to a crematory and later the ashes will be interred in Forest Hill Cemetery following brief burial rites.

## Police Kill Man At Martinsville

MARTINSVILLE UPI — Ernest Linnell Tate, 56, Martinsville, was shot to death by police Tuesday when he poked a shotgun through a window of his home as officers tried to flush him out to arrest him in the pocketknife assault of another man in an argument over a dog.

Tate allegedly slashed Lewis Skaggs, 71, Martinsville, and retreated to his home. Police rushed to the house but Tate threatened them with a shotgun and pistol and refused to surrender.

Officers called for reinforcements and surrounded the house. Tate's wife ran outside and said her husband threatened to kill her and any officers who tried to arrest him.

City Police, state police troopers and Morgan County sheriff's officers moved slowly toward the house, hoping to apprehend Tate without any trouble. But they said he suddenly jabbed the shotgun through a window and several officers opened fire at the window simultaneously.

A barrage of buckshot and revolver bullets felled Tate and when the officers ran into the house they found him lying dead.

## Shocked Fatally

BRAZIL UPI — Walter O'Connell, 59, Brazil, an electrician for the Ayrshire Collieries Corp., was shocked fatally Tuesday night by a high tension power line at a strip mine south of Staunton.

O'Connell was dead on arrival at Clay County Hospital here. Coroner Bertram Buckwall said death was accidental.

## Indiana G.O.P Picks Candidate

INDIANAPOLIS UPI — The nomination of Lt. Gov. Richard O. Ristine for governor and State Sen. D. Russell Bontrager for United States senator by the Republican state convention Tuesday verified predictions of most political observers.

Brilliant floor leadership by former Lt. Gov. Richard T. James for Ristine, a Crawfordsville first family native, and by Paul Green, Boone County GOP chairman, for Bontrager, of Elkhart, the party's floor leader in the Senate, culminated many months of shrewd campaigning.

With travel expenses paid by the state, Ristine, began his race for governor as soon as he took office as lieutenant governor early in 1961. He stubbornly refused contentions of competitors that his tie-breaking vote in favor of the sales tax disqualified him to be the GOP standard bearer.

The Indiana Republican ticket includes:

Governor — Richard O. Ristine, Crawfordsville.  
U.S. Senator — D. Russell Bontrager, Elkhart.  
Lieutenant Governor — John J. Ryan, Indianapolis.  
Secretary of State — Gerald Powell, Peru.  
State Auditor — Allen Lindley, Westfield.  
State Treasurer — John K. Snyder, Washington.  
Attorney General — Edwin K. Steers, Indianapolis incumbent.

Superintendent of Public Instruction — James R. Beasley, Odon.  
Courts Reporter — Mrs. Virginia B. Caylor, Indianapolis incumbent.  
Supreme Court Judges — Dewey Kelley, Whiting incumbent; John W. Pfaff, South Bend incumbent; Charles W. Cook Jr., Indianapolis; Douglas McDonald, Princeton; George R. Glass, Shelbyville.

## Haywood Trigg Funeral Friday

Haywood Trigg passed away Tuesday morning, June 9, at the Putnam County Hospital. He had lived in Greencastle 17 years. Before moving to Greencastle, Mr. Trigg lived in Indianapolis for 32 years. Mr. Trigg was born in Barren County, Ky., the son of Washington and Elizabeth Nuckles Trigg.

The deceased was a deacon and trustee of the Mt. Zion Baptist Church of Greencastle. For a number of years until failing health, he served as superintendent of Mt. Zion's Sunday School. While living in Indianapolis he was a charter member of Fidelity Lodge No. 55 F. & A. M. After moving to Greencastle he demitted to University Lodge. Later he was affiliated with St. Mark Lodge of Crawfordsville.

Survivors are the wife, Margurine; four sons, Clarence of Indianapolis and Lathen of Indianapolis, Lincoln and Frankie of Greencastle; two daughters, Mrs. Pearl Means of Indianapolis and Elnora of Greencastle. A brother, Evans Trigg, Sacramento, Calif., and a sister, Amanda Campbell, Los Angeles, Calif., and other relatives also survive.

Funeral services will be held on Friday at 2:00 p.m. at the Mt. Zion Baptist Church with Rev. Melvin H. Bell in charge. Interment will be in the Forest Hill Cemetery.

Friends may call at the Rector Funeral Home after 7 p.m. on Thursday.

The body will lie in state from 1:00 p.m. to 2:00 p.m. at the church.

## Mrs. C. M. Jones Died Monday

Word has been received here of the death of Mrs. Cealia M. Jones, mother of William Jones, 15 E. Berry Street, Greencastle. Mrs. Jones passed away Monday at St. Elizabeth's Hospital in Lafayette.

Funeral services will be held Thursday at 2:30 p.m. at the Crommer & Siddons Funeral Home in Williamsport.

## Indiana Traffic Toll Now 489

By United Press International

A Northville, N.Y., man was killed and his daughter and two grandchildren were injured today in an accident which raised Indiana's 1964 traffic fatality toll to at least 489, one above the total a year ago.

Lloyd M. Wilder, 69, apparently fell asleep while driving on U.S. 24 in Monticello early this morning. The car struck a big tree, killing Wilder and injuring his daughter, Mrs. Sharon Sauve, 18, also of Northville, and her two children, Bobby, 2, and Brenda Lee, 8 months.

A 4-year-old boy was killed

Tuesday night when he ran into the path of a car on a Delaware County road near his home on R.R. 1, Gaston. The victim was Ronnie Lee Jackson.

Gayle Watts, 17, R.R. 1, Yorktown, driver of the car, said the boy and two other children were standing beside the road and just as the car reached them Ronnie darted into the path of the vehicle.

## Has 32 Piglets

BERLIN UPI — The Russians have set a new world record of sorts. The East German news agency ADN said today. It said a sow in Kokshetav, U.S.S.R. gave birth to 32 piglets — 18 in the morning and 14 more eight hours later.

## Violence Flares In Two Cities

By United Press International

Racial demonstrations triggered violence Tuesday night at St. Augustine, Fla., and Tuesday at Tuscaloosa, Ala.

A group of about 15 whites broke through police lines at St. Augustine and attacked 300 marching integrationists, beating an undetermined number of them and a television cameraman. Three white ministers were among those beaten in the attack which ended when the demonstrators returned to the Negro section of town.

A federal judge earlier had dismissed a police ban on demonstrations in the nation's oldest city and said integrationists could march whenever they wanted. Negro leader Martin Luther King Jr. was to arrive in St. Augustine today to begin an "all-out push" against segregation.

Police at Tuscaloosa turned back 500 Negroes attempting to march downtown, and then fired tear gas and high pressure water hoses when the demonstrators retreated into a church and started throwing bottles and furniture at officers. Thirty-four persons, including a policeman, were hurt and 94 demonstrators arrested.

Tuscaloosa Police Chief William Marable said no more marches would be allowed and he would use tear gas again to keep the streets clear of demonstrators. Marable said the Negro marches were causing a reaction "among the Ku Klux Klan element... and threatening the peace of the safety of the town."

## To Open Talks

WASHINGTON UPI — The United States opens preliminary talks with the Soviet Union next week on possible Russian participation in a global communications system using space satellites.

In addition, officials said Tuesday, the United States and more than 20 free world nations have been working on a "draft agreement" for a worldwide satellite communications system.

## Sen. Goldwater Tightens His Grip For Nomination

CLEVELAND UPI — The rump convention of Republican governors is over with the leaderless anti-Goldwater forces disarmed and beaten.

Their maneuvering could have provided the script for a national political convention.

When the politicking stopped, Sen. Barry Goldwater of Arizona had only tightened his grip on the nomination. His Republican critics were left only with a battle over the party platform.

The whole show had a national political convention flavor with the Republican governors holding private huddles in smoke-filled rooms. Other major figures in the party joined the maneuvers.

Some in the anti-Goldwater wing came to the conference convinced that the Arizona senator had virtually clinched the nomination by defeating Gov. Nelson A. Rockefeller of New York in the California primary last week. Rockefeller and Gov. Mark O. Hatfield, a Rockefeller convention delegate from Oregon, took that attitude.

A clue to the Republican dilemma was supplied Tuesday by the Cleveland Press. Its poll of Republican governors showed four for Goldwater, four for Rockefeller, four for Scranton and one for Ambassador Henry Cabot Lodge. Three declined to name a choice.

One casualty of the Republican jockeying was a proposed set of recommendations for the Convention Platform Committee. Gov. Robert E. Smylie of Idaho, chairman of the GOP Governor's Association, is still carrying a set of papers containing ideas from various governors, including those allied with Goldwater.

When the situation quiets, after this conference, he hopes to make another try at getting the 16 Republican governors to agree unanimously on platform proposals.

## Escapee Sentenced

An inmate of the Indiana State Farm pleaded guilty to escaping from the Putnamville institution when arraigned in the Putnam Circuit Court Tuesday.

Lloyd Mize, 41, sentenced to the farm from the Greensburg city court for operating a motor vehicle without a license, escaped on June 7.

He was sentenced to the Indiana State Prison at Michigan City for 1-5 years by Judge Francis N. Hamilton.

## Burglars Goofed

TEXAS CITY, Tex. UPI — Some eager but ineffective burglars broke into a supermarket Monday and got nothing but frustration for their efforts.

They knocked the knob off the safe but were unable to open it. Then when they started to leave, they found they had been locked in and had to break out again.

## STATE POLICE HOLD PISTOL SHOOT

Trooper Robert Mortensen, high individual shooter at the Indiana State Police Pistol Shoot held Tuesday at the Putnamville Post, won the Indiana State Bankers Assoc. award. Simpson Stoner, president of the First-Citizens Bank and Trust Co., presented the award.

Don McLean is shown presenting a pistol to State Trooper Asher, of Post 9, who won top honors at the Indiana State Police shoot held Tuesday at Putnamville.

## Trial Set For Theft Suspects

Pleas of not guilty on charges of theft were entered by three defendants when arraigned in the Putnam Circuit Court before Judge Francis N. Hamilton on Tuesday.

The defendants are James McDivitt, 23, Reelsville, Route 1; Wayne Pittsinger, 18, and his brother, Kenneth, 17, of Greencastle, Route 4.

Bonds were set at \$1,000 each and trial was set for 9:30 a.m. on November 2 by Judge Hamilton. Their court-appointed pauper attorney, William McClellan, requested a jury trial.

The three were arrested and lodged in the Putnam County jail Friday night by Sheriff Kenneth Knauer and Deputy Paul Mason.

The three are specifically charged with taking a battery and a car radiator.

## 58 Enrolled For Summer Study

Principal N. E. McCammon reports that Greencastle Senior High School's eight week Summer Credit classes in Typing and Driver Training began Monday for 58 students. Of these 21 pupils are taking both courses.

These classes, taught by high school teachers William Craig and Donald Reed have enrolled 46 pupils in Driver Training and 37 in Typing. Pupils from Greencastle High School, Fillmore High School, Reelsville H. S., Cloverdale H. S., and Bainbridge H. S. as well as two local boys attending academies are taking these classes.

This program is another phase of the Greencastle Consolidated Schools' effort to be of service to the youth of the entire community on a year around basis.

### Mme Nhu To Return To U. S.

PARIS UPI — Mme. Ngo Dinh Nhu, former "First Lady" of South Viet Nam, is returning to the United States, a spokesman announced Tuesday night.

Mme. Nhu's press secretary said the 38-year-old widow will address a meeting of the Conservative party in New York City's Borough of Queens on July 7.

The secretary said it was not certain when Mme. Nhu would arrive in New York City or how long she would stay.

Mme. Nhu made a coast-to-coast series of speeches last fall to enlist support for the South Vietnamese government headed by her brother-in-law, Ngo Dinh Nhu.

The Diem regime was overthrown in a military coup d'etat

while Mme. Nhu was in California. Diem and Nhu were assassinated.

### Strikes Blocked By Court Orders

By United Press International

Last-minute court orders issued Tuesday night blocked threatened sympathy strikes at Aluminum Company of America-Workers International Union plants in Indiana.

Members of the Aluminum had scheduled midnight strikes at Alcoa plants in Yanketown and Lafayette in sympathy with a strike at an Alcoa plant at Massena, N.Y. Similar sympathy walkouts were scheduled at other Alcoa plants across the nation but some of them also were headed off by temporary

restraining orders.

The injunctions were issued by Judge Warren Thompson in Tippecanoe Circuit Court at Lafayette and Judge pro tem K. William Weyerbacker in Warrick Circuit Court at Boonville.

Thompson held that sympathy strikes were illegal under the union's contract with management of the Lafayette plant. He set Friday afternoon for a hearing on a permanent injunction against the walkout.

Weyerbacker's order barred any strike at Alcoa's Warrick Works at Yanketown pending a hearing June 15 in Warrick Circuit Court.

### Daughter Born To Cosmonauts

MOSCOW UPI — Soviet cosmonette Valentina Tereshkova Nikolayev was reported today to have given birth to a daughter — the world's first space baby.

Informed sources said the 27-year-old aviatrix, who is the first and only woman ever to orbit the earth, was delivered of the infant on Monday. Both mother and daughter were reported 'doing fine.'

Valentina is the wife of Soviet cosmonaut Andrian Nikolaev. They were married on Nov. 3, 1963.

The child is the first ever born to parents who have flown in outer space.

News of the birth came as a surprise and was not officially announced here.

Sources close to the Moscow maternity home reported the infant was born reported today that the baby now weighs six pounds eight ounces and measures about 20 inches in length.

#### Useful Workshop Ideas

By Will Ainsworth, Technical Consultant

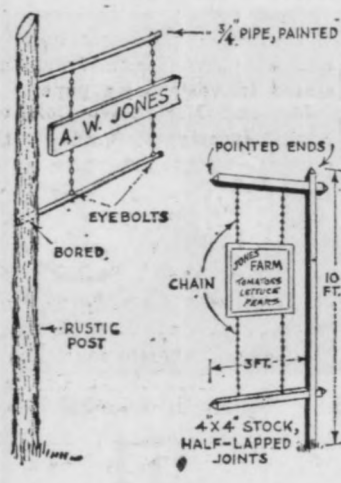

##### Dual-Purpose Yard Swing

Kiddies enjoy thrilling rides on this substantial swing and tiny tots are safely held in the extra seat which attaches or detaches instantly. Connect welded chain of suitable size to the hardwood seat with 3/8-in. eyebolts opened slightly to admit the chain. Uprights of the baby seat extend above the tot's arm reach. Locate the screweyes so they slip through links when the seat sets firmly on the swing board. Harness snaps lock screweyes to chain. The strap prevents the baby from sliding out. Wood "anchors" hold the posts firmly in sandy soil. Treat underground parts with wood preservative. Caulking compound on the half-lap joints before assembling makes them watertight.

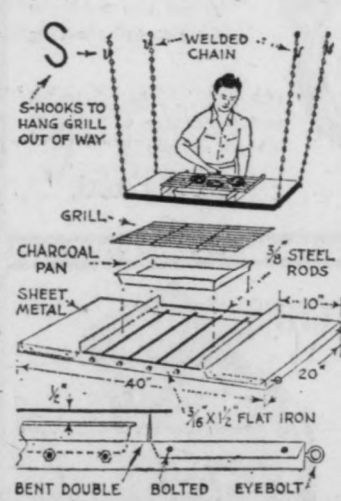

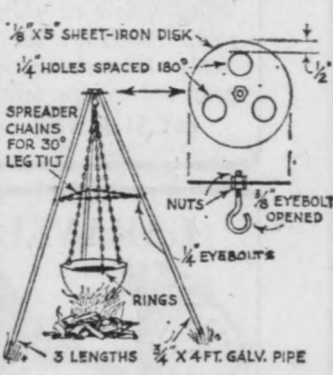

##### Outdoor Nameplates and Signs

For an attractive outdoor nameplate, stain a piece of redwood dark brown, then make deep V-cuts to form the lettering on both sides. Apply two coats of white or yellow paint to the lettering and when this is dry cover the wood with two coats of spar varnish. Suspend the nameplate between two pipes suitably spaced and driven into holes bored in a rustic post. The chain attaches to screweyes on the nameplate and eyebolts through the pipe.

##### Campfire Tripod

When collapsed, this pipe tripod for camp cooking takes very little space in a car trunk. It is set up quickly by inserting the legs into holes in the retaining disk. Three lengths of welded chain hanging from the disk hold the soup pot where the chain attaches to rings or eyebolts spaced equidistantly. Three other lengths of the same chain are attached with eyebolts to the legs 15 to 18 in. below the disk. These limit leg spread and provide rigidity.

##### Hanging Charcoal Grill

Suspended by welded chain from overhead supports, this charcoal grill for porch or patio is always at hand. It is tucked up out of the way with S-hooks when not in use. It consists of a rectangular flat-iron frame of which the ends are overlapped and riveted together. Eyebolts near the corners engage the chain. Steel rods with threaded ends are installed crosswise at the center to hold a charcoal pan about 12 by 18 in. in size. "Counter space" is provided at each end by galvanized sheet metal bolted to the frame. The sheet metal is bent upward and is doubled here to support the grill which may be an old refrigerator as an even shelf.

### Peach Glazed Chicken and Biscuits Are Season Favorites

If balmy weather has tempted you out-of-doors for a patio party, consider this hostess-easy oven meal of baked chicken, carrots and flaky biscuits. It's a one pan operation, that makes both the preparation and clean-up simple and fast. The chicken bakes till almost done, then is topped with canned peach pie filling that forms a flavorful glaze. The baking powder biscuits we suggest are from a can, too — the kind you'll find in the refrigerated dairy case section of your grocery store. These can be baked in the same pan you've used for the chicken, added when you spoon on the pie filling glaze. To complete the meal, drain and add a can of carrots to heat through as the biscuits bake. A salad and beverage, prepared before guests arrive, add the finishing touch to this easy-do patio meal.

**Peach Glazed Chicken and Biscuits**  
1/4 cup butter or margarine  
1/2 cup flour  
1 teaspoon salt  
1 teaspoon paprika  
1/2 teaspoon pepper  
2 1/2 to 3-pound broiler-fryer, cut up  
1 can (2 1/2 cups) peach pie filling  
1 can (1 lb.) whole carrots, drained  
1 can refrigerated flaky baking powder biscuits

Melt butter or margarine in 13 x 9-inch baking pan. Combine flour and seasonings in paper bag; add several pieces of chicken at a time and shake. Place chicken pieces skin-side up in pan; bake uncovered at 400° for 40 minutes. Move chicken to end of pan. Spoon peach pie filling over chicken. Arrange carrots in center of pan. Place biscuits in other end of pan; return to oven and bake at 400°, 15 to 20 minutes longer.  
4 servings.

### Coffee Plus, With Cake

When it's dessert and coffee time at your next party, surprise your guests with this luscious coffee gelatin mold. Serve it with small cupcakes first frosted all over with a butter cream frosting, then rolled in flaked coconut — plain, tinted shades, or toasted. Give your guests flavorful decaffeinated coffee — piping hot, with cream and sugar.

**Coffee Bavarian**  
1 envelope unflavored gelatin  
3 tablespoons instant decaffeinated coffee  
1/2 cup sugar  
2 egg yolks, beaten  
1 1/4 cups milk  
1 teaspoon vanilla  
2 egg whites  
1/4 teaspoon salt  
1/4 cup sugar  
1/2 cup heavy cream  
1/2 cup pecans, chopped (optional)  
Combine gelatin, instant coffee, and 1/2 cup sugar in saucepan. Stir in egg yolks and milk. Cook and stir over medium heat until gelatin dissolves and mixture coats a metal spoon. Remove from heat and add vanilla. Chill until slightly thickened.  
Beat egg whites with salt until foamy throughout. Add 1/4 cup sugar, 2 tablespoons at a time, beating after each addition until blended. Continue beating until mixture will stand in stiff, shiny peaks. Whip the cream. Stir gelatin mixture slightly; fold in egg white mixture, pecans and then whipped cream. Pour into a 1 1/2-quart mold. Chill until firm. Unmold. Garnish with additional whipped cream, if desired. Makes 6 to 8 servings.

### Montana Floods Claim 28 Lives

**GREAT FALLS, Mont. UPI** — Montana's raging rivers, which have claimed 28 lives and left thousands homeless, remained on the rampage today with the state's largest city their primary target.

The mighty Missouri and the Sun River, a tributary which joins it in Great Falls, continued to rise early today. City officials pressed 40 private boats into use as an emergency refuge service for stubborn homeowners.

While the crest approached the city of 58,500, some areas on its west side near the Sun River already were reported under 15 feet of water. Only the roofs and gables of several homes protruded above the water, which covered an area major bridge across the stream about 10 by 200 city blocks. A was reported near collapse.

### Johnson To Get Another Degree

**WASHINGTON UPI** — President Johnson flies to Worcester, Mass., today to receive an honorary degree and to deliver the commencement address at Holy Cross College.

The President was scheduled to take off from National Airport at 8:05 a.m. EDT, arrive at Worcester at 9:55 a.m. and drive directly to Holy Cross Stadium for the exercises starting at 10:30 a.m. He was due back in Washington about 2:30 p.m.

The trip has become a political issue. The Republican Congressional Campaign Committee has charged that Johnson asked Holy Cross, a Jesuit College, to give him the honorary degree to help him with Catholic votes.

### Four Youngsters Shot To Death

**MIDLAND, Pa. UPI** — Four young children, all shot in the chest while they apparently slept, were found dead today in their Ohioville Borough home near this Beaver County Community.

The Midland police chief identified the victims as the children of Mr. and Mrs. Mitchell Zlatovich. Authorities said the mother, Mary, 24, was being held in jail here.

Investigating officers said the four children ranging in age from two to five years, had been shot in the left chest "probably through their hearts" with a .32-caliber revolver. Their bodies were found in their beds.

A fifth child, eight months old, was not harmed.

The dead youngsters were listed as Jean Elkins, 5, Gary Elkins, 4, Virginia Louise Zlatovich, 3, and Robert Zlatovich, 2. The Elkins children were Mrs. Zlatovich's by a previous marriage.

### 2 U.S. Marines On Missing List

**SAIGON, Viet Nam UPI** — Two U.S. Marines are missing and may be prisoners of the Communist Viet Cong, an American military spokesman said today.

Their disappearance was noted by American military authorities Sunday, but news of the incident was withheld until today because it was thought the two might still turn up at their unit.

The spokesman said an extensive air and ground search of the area where the Marines disappeared "has not produced any results."

It is determined that the two enlisted men have fallen into Communist hands, it will bring the total number of American servicemen known to be captives of the Communist guerrillas to nine.

### Boy, 6, Drowns

**INDIANAPOLIS UPI** — James M. Eads, 6, South Whittier, Calif., drowned in Long-acre Park pool on the Indianapolis south side Tuesday night while swimming with two aunts and several cousins.

The boy, son of Mr. and Mrs. William R. Eads, was visiting here with his parents because his grandfather, Roy Settles, was ill in a hospital.

A one trillion mark coin, issued during the German inflation in 1923, could buy only 20 pounds of potatoes, according to the Chase Manhattan Bank Money Museum in New York.

### ONE-TEACHER SCHOOLS

**AUSTIN, Tex. UPI** — Among its 650 small schools (those with average daily attendance less than 500) Texas has about 120 one-teacher schools. They average around 15 students in daily attendance. Educators regard them as a good thing in many ways—the dropout rate is low, their graduates usually do well in other levels of education and the schools are centers for community activities.

That standby of the clothing industry — the trench coat,

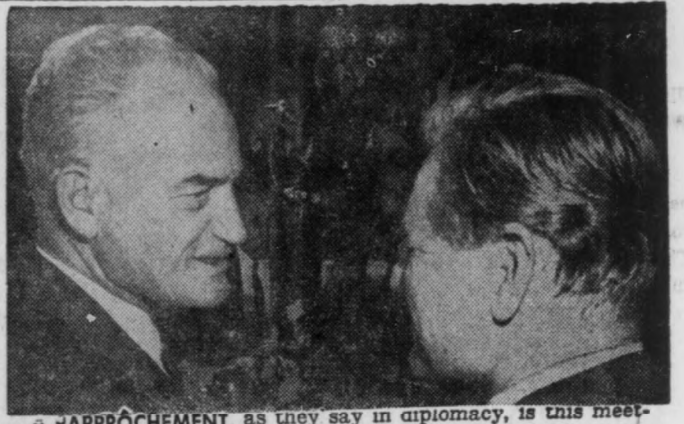

shows again in spring collections. Designer Ceil Chapman of New York showed a short, glittering silk version of the trench in a dark navy over a cerise chiffon silk formal.

Polka dots, a spring perennial, are stronger than ever before for spring 1964. Some of the dots' sizes are exaggerated to the point of three and four inch diameters. Designer Fernando Sarmi showed one long, slim dinner dress of white crepe with black dots splashed like paint blobs over it.

### INSURANCE COSTS

**NEW YORK UPI** — Expenditures of Americans for various kinds of personal and family insurance, including pensions, have jumped from \$14.3 billion in 1-950 to \$51.8 billion in 1963, the Institute of Life Insurance reports.

Now — jewelry that's in the swim. It's jewelry made by a Florentine sportswear house and meant for wearing at the beach. The materials? Pebbles, sea shells and bits of pirate crystal from Elba.

West leads the four of hearts, and East plays the ten. This tells you that West has led from a suit headed by the ace-jack-nine or possibly from the ace-nine-eight.

You consider refusing the first trick. This would be a

good idea if East had only two hearts, but a 6-2 division of the eight missing hearts is far less likely than a 5-3 break.

The better decision is to win the first trick. From then on you must make West your favorite. In developing your tricks, you make sure that West gets any trick you must give up. West cannot continue the attack on hearts except by giving you a second heart trick; if

East could lead hearts, however, he would do you in then and there.

**CHOOSING FINESSES**  
You must choose the right finesses for your purpose. Lead a diamond to dummy's king; you do not want to risk a diamond finesse. Return a low spade and finesse with the ten. You don't mind losing this finesse, since it goes to your favorite opponent.

You are now sure of eight tricks. West cannot afford to lead hearts or clubs, since that would give you an easy ninth trick. His best try is a diamond. Once more you refuse to finesse, winning with dummy's ace.

Lead a low club from dummy and finesse with the nine. As it happens, this drives out the queen, and dummy's jack of clubs will eventually provide your ninth trick.

**DAILY QUESTION**  
Partner opens with one club, and the next player passes. You hold S 8 7 5 4 2 H 10 8 2 D Q 9 5 C 10 7. What do you say?

Answer: Pass. Any response at all with so weak a hand is just an invitation to trouble. If partner is moody and unhappy at one club, console yourself with the thought that he is low and undoubted.

### Girl Stricken

COLUMBIA CITY UPI — Linda Miller, 20, charged with shooting her mother to death last Nov. 7 in an ambush slaying, was stricken with acute appendicitis Tuesday in her Whitley County jail cell. Sheriff's officers rushed Miss

Miller to Whitley County Hospital for surgery.

She was stricken while awaiting the results of psychiatric tests ordered by Judge John Beauchamp to determine whether she is sane enough to stand trial on murder charges.

MARCH OF EVENTS  
FINAL RIGHTS BILL OK STILL FAR, FAR AWAY  
SENATE'S VERSION MUST RECONCILE WITH HOUSE'S

By HENRY CATHCART  
Central Press Washington Writer

WASHINGTON—As a glimmering of hope appears that the Senate filibuster on the civil rights bill may be nearing an end, the general impression is that this will signal final congressional approval of the measure. Nothing could be further from the truth.

Under legislative procedure, if and when the Senate version of the bill is adopted, it must be reconciled with a differing version already approved by the House. But in order to arrange a meeting of Senate and House managers to work out such a compromise, it is necessary to obtain the approval of the House Rules Committee. It just so happens that the chairman of that committee is Rep. Howard Smith of Virginia, a die-hard segregationist and a very powerful man indeed. On past occasions when some matter was pending before the Rules Committee which Representative Smith opposed but knew he didn't have the votes to defeat, he simply would repair to his Virginia farm and catch up on some of his chores.

It is possible that Smith will resort to this stratagem again, although in a 1957 effort to block another civil rights bill, he was outmaneuvered by the late Speaker Sam Rayburn. Rayburn dusted off a little used device whereby, in the absence of Smith, he arranged to by-pass the committee and take the matter directly to the floor.

There's no Rayburn around in the House now and Representative Smith is wily enough to find a way around that once-used ploy. So, there's a good likelihood that even Senate adoption of the bill will not end the basic filibuster—delaying action—by Southern legislators who are pledged to fight it to the death.

The South's main strategy of delay has its unchanging goal: Creation of such a log-jam of other legislation that civil rights proponents will buckle and accept a watered-down version that will be hard or impossible to enforce.

**FUNNY MAN?**—Sen. Barry Goldwater has created the image of a stern and angry man in his drive to win the Republican presidential nomination. While he is personable and has a quick sense of humor, most voters see him as the bespectacled critic of all that most people accept in the foreign and domestic situations.

It comes as a surprise, therefore, to report that the Goldwater campaign managers have gone into the funny greeting card business as a means of raising campaign funds and, incidentally, removing some of the sternness from that image.

The cards are of the usual cartoon type, and are geared to the usual events in persons' lives—birthdays, anniversaries, etc. One shows two pretty girls meeting in shock and saying "We're in love with the same man." And, turning inside, it develops that the object of their joint affections is none other than Goldwater.

The idea is that local Goldwater committees may buy the cards at reduced rates from the manufacturer and sell them to the public at eight for a dollar. There are eight different cards. And they're in color, too—red, white and blue.

# Tom Swope Organizes Summer Softball League

Tom Swope, director of the Greencastle summer softball league, met with representatives from the six participating teams Tuesday night to make final plans for this season's activities.

It was decided that each team will play ten games in the round robin schedule which will put them against every partic-

ipating club twice. The first round of the season will end on July 8, the second round on August 3. The schedule calls for two games on Monday nights the first beginning at seven o'clock and single games on Wednesdays and Thursdays beginning at eight.

Sponsors for the six clubs are

Shetrone Real Estate, Buis Feeds, Crawfordsville Jaycees, Brazil Merchants, Old Topper Tavern, and Torr's Restaurant. The first game will be Monday, June 15, at seven o'clock. A complete schedule, submitted by director Swope, will be published soon.

### Summer Recreation Program Underway

Both the young and the not so young are turning out in numbers to take advantage of the summer recreation program.

Two games were played Tuesday night in the oldtimers softball league. The Legion sponsored team defeated Covert's heating in the first contest. The Radio Club couldn't stay with a recreation team in the second game.

Arts and crafts, Playground recreation in the park and at Jones school, and Junior high basketball are all in full swing and have a good attendance in the first few days of the program.

High school and adult basketball is open on Wednesday and Thursday nights in the new gym from 7:30 to 9:30.

The high school baseball team traveled to Bainbridge in the County League to defeat the Pointers 10 to 3. The High School team will play at home next Tuesday night.

Don't forget the Poolside Dance June 19.

Mr. Marketto and his band will hold their first concert Tuesday, June 16, outdoors at the High School. Admission free with plenty of parking space.

### 11 Yanks Still In British Meet

GANTON, England UPI — Eleven survivors from an original 35-man United States delegation moved out for the third day of action today in the British Amateur golf championship.

Four Yanks, including Bob Sweeney of Palm Beach, Fla., the 1947 champion, hoped to vanquish second round opponents this morning and join seven compatriots in this afternoon's third round.

Sweeney, who opened his bid for another title by overpowering Dr. Martin Barker of England, 6 and 5, Tuesday, drew England's J. M. Tweedy as his next rival.

James Bostwick of New York faced England's John Linaker, Joe King of Anniston, Ala., met England's G. L. Deans, and Pat Foy Brady of Reidsville, N. C., was pitted against Scottish Walker Cupper Ronnie Shade in other second round matches involving Americans.

The seven Yanks who passed their second round tests Tuesday were led by Dale Morey, the 44-year-old furniture salesman from High Point, N. C., and George Blocker, a 24-year-old Army corporal from Jal, N. M.

They were joined in the third round by Eddie Sawyer of Medinah, Ill., Jack Penrose of Philadelphia, Jack Thornton of Rochester, N. Y., R. Woodward Millen of Locust Valley, N. Y., and Henry Timbrook Jr. of Beverly Hills, Calif.

### Lucky Senators

By United Press International Cold chills run up and down the Washington Senators every time they think how they passed up a .350 hitch-hiker and were lucky enough to pick him up on the way back.

His name is Chuck Hinton and not only is he pressing Tony Oliva for the American League batting title, but he's also supplying the push that could move the surging Senators out of the second division.

### BULLETIN— Favorites Lead In NCAA Meet

Co-favorite Los Angeles State and surprising Ball State jumped into an early lead in the NCAA tennis tournament that started this morning at DePaul University.

Top seeded Gary Johnson of LA State ousted Redlands' Bill Hoyt in second round action, 6-3, 6-3, for two points, and the defending champion's Charles Berwanger beat DePaul's Bruce Voorheis, 6-0 and 8-6, for a single marker.

Chuck Wagner of Ball State

picked up a point for the Cardinals on a default from Washington U's Dave Stein. His Card teammate Homey Vaziri beat James Lynch of Buffalo State, 6-4, 6-3.

Kim Wincup, DePaul, and Brad Humphreys of Idaho State hooked up in the morning's only extended match. Humphrey's won the two-hour event, 6-4, 3-6, 6-4.

In other action Bill Ewen, Williams, beat Ray Wexler, Washington, 6-3, 6-4; John Allgood, Long Beach, whipped Bob Riggs, DePaul, 6-0, 6-0; and Steve Zalinski, DePaul, topped Phil Rush, Ball State, 6-2, 6-2.

Third round singles action will resume tomorrow at 9 a.m. Doubles activity is scheduled for 1:30 p.m. tomorrow.

Team scores as of noon today: Los Angeles State 3, Ball State 2, Williams, Long Beach, DePaul and Idaho State, 1 each.

Tonight players and coaches will be honored at a 6:30 banquet in the Student Union building.

## State All-Stars Report Today

INDIANAPOLIS UPI — The Indiana high school basketball All-Stars report to coach Angus Nicolson today to begin practice for their annual benefit series against Kentucky.

The opener of the 2-game series will be played at Louisville a week from Saturday, with the return scrap here June 27. Kentucky will have a decided height advantage, with its tallest players 6-8 and 6-7 while the tallest Hoosier cagers measure 6-5.

### Ray Sadecki Is Ace Card Hurler

By United Press International Cards Manager Johnny Keane is taking it all back about Ray Sadecki-in spades.

It was 1962 when Keane accused the lefthander of "goofing off" and putting on "the poorest exhibition I've ever seen on a major league diamond," after Sadecki was roughed up in a relief appearance.

Now, the usually soft-spoken Keane is delighted about how Sadecki has blossomed and become one of the stars of a pitching staff ace-high with talent. And following Tuesday night's 1-0 victory over league-leading San Francisco, the 23-year-old southpaw might be ready to take over as the ace of the staff.

### Fireball Tried To Avoid Crash

CHARLOTTE, N. C. UPI — Glenn (Fireball) Roberts unsuccessfully attempted to avoid a fiery three-car crashup in which he was injured during the World 600 by deliberately sending his car into a spin, the stock car driver's father said Tuesday.

Glenn Roberts Sr. said his son had hoped his car would slip by the crashing vehicles of Junior Johnson and Ned Jarrett and stop on the apron, enabling him to continue the race.

However, Roberts' 1964 Ford plowed into a retaining wall going backwards, flipped upside down and landed in a pool of flames about 30 feet from where it hit the wall.

Jarrett, whose car also burst into flames, was able to get out of his vehicle and helped pull the injured Roberts from his car.

### Arkansas Defeats Tribe In 12th

LITTLE ROCK, Ark. UPI — Howie Goss singled home the winning run in the 12th inning Tuesday night to give Arkansas a 4-3 Pacific Coast League victory over the Indianapolis Indians in the opener of a 3-game series.

Ken Berry's solo home run in the ninth inning for Indianapolis forced the extra-inning game. The Travelers, eastern division leaders, marked up their 11th victory in the last 13 games.

### Snead Worried

NEW YORK UPI — Fifty-year-old Sam Snead is set more or less — for his 24th try at winning the U.S. Open golf championship.

Old Sambo qualified at Detroit Tuesday as the last 94 places were filled in the starting field of 150 at Washington June 18, but he showed why he is so worried about his putting these days.

He missed a three footer-by two and one-half feet! His ball moved only six inches.

### Bennett Recalled

PHILADELPHIA UPI — Dennis Bennett's younger brother, Dave Bennett, was recalled Tuesday from the Philadelphia Phillies' Class AA Chattanooga farm club in the Southern League as padding for a schedule which includes four double-headers in the next two weeks.

### Want TV Pie

MONTREAL UPI — The National Hockey League wants a piece of the lucrative television pie.

The six-team "closed shop" league played to 94.5 per cent capacity but still failed to attract even a nickel's worth of the big U.S. television money.

They plan to take definite steps toward selling its product to the American television market.

### Sign Shichtle

NEW YORK UPI — Henry Shichtle, former Wichita University quarterback, was signed Tuesday by the New York football Giants. Shichtle, the Giants' sixth draft choice, was seventh among major college scorers last season with 68 points.

### Racing Speeds May Be Slowed

INDIANAPOLIS UPI — The United States Auto Club's rules committee took a step Tuesday toward slowing down speeds in championship races, including the Memorial Day 500-mile classic here, but further action will be required by the USAC board of directors.

The committee voted at a lengthy meeting to recommend a reduction in engine size and imposition of a minimum weight limit for championship cars. It also ordered a study of the relative dangers of various types of fuel in race cars.

The committee recommended that engine displacement be reduced from the present limit of 4.2 liters or 255 cubic inches to 3 liters or 183 cubic inches. The change would go into effect Jan. 1, 1967, and would remain in effect for at least five years.

### Buick Open To Start Thursday

GRAND BLANC, Mich. UPI — A field of 160 will tee it up Thursday in the Buick Open but Billy Casper asserted today that 130 of them might as well have stayed home.

"Only 30 players in this group can win it," said the round man from San Diego. "And when you get on a long course such as this one, Warwick Hills, and next week with the great lengths of the U.S. Open, you can cut that down by 10 and only 20 players can win it."

### One Jump Ahead

FERNDALE, N.Y. UPI — George Heri of Los Angeles was at least one jump ahead of everyone else here Tuesday.

Heri won the first professional trampoline championship at the Grossinger Country Club.

### New Grid Coach

PORTSMOUTH, Ohio UPI — Carl Benhase, 34, of Hanover College in Indiana, today was announced as football coach at Portsmouth High School.

Benhase formerly coached at Berne Union and Circleville High Schools in Ohio.

### Phils Sign Three

PHILADELPHIA UPI — Two pitchers and an outfielder from colleges in this area were signed Tuesday by the Philadelphia Phillies.

Outfielder Steve Kolinsky and lefthanded pitcher Larry Sheekman, both of whom have completed their third year at Temple, and righthanded pitcher John Shew, a recent graduate of the University of Delaware, will report to Miami in the Class A Florida State League.

### Detroit Coach Is After Speed

DETROIT UPI — Today the emphasis is on speed — with A. J. Foyt, Bob Hayes and Charley Wolf.

Charley Wolf is the head coach of the Detroit Pistons, a team that finished fifth last year in the five-team Western Division of the National Basketball Association.

And it was a desire for more speed that caused Wolf Tuesday to trade veterans Bailey Howell, Don Ohl and Bob Ferry and rookies Les Hunter and Wally Jones to the Baltimore Bullets for Terry Dischinger, Rod Thorn and Don Kojis.

"We don't have a Wilt Chamberlain or Bill Russell at center so we'll have to fast break a lot," Wolf said. "Dischinger, Thorn and Kojis all are fast. And Terry and Rod are 23-years-old and Kojis is 25, while the three veterans we gave up are 27."

Wolf believes that maneuverability is necessary to a good fast break and therein lies another reason for the trade that was the biggest player transaction in Piston history.

### Redskin Gridders Going For Broke

WASHINGTON UPI — The Washington Redskins, apparently out to avenge the Indians who gave away Manhattan Island, seem to have traded their way into National Football League title contention.

Wheeling and dealing head Coach Bill McPeak swung his third major off-season deal Tuesday, obtaining fleet offensive end Angelo Coia and veteran defensive tackle Fred Williams from the Chicago Bears.

McPeak gave the Tribe's number one draft choice for 1965. But it is obvious that Bill — operating under a "win or else" edict for 1964 — is going for broke this coming season. "I think we have strengthened every position that needed strengthening," McPeak said. "I don't think we have a single glaring weakness anywhere in the lineup."

The facts seemed to bear out McPeak's hopes that the Redskins, who won only three games last year, could be the NFL's dark horse for 1964. Their linebacking has been bolstered considerably by the acquisition of Sam Huff from the New York Giants. Sonny Jurgensen, obtained from Philadelphia for Norman Sneed, gives them an experienced "take charge" quarterback Coia, a 9.6 sprinter, will take a lot of pressure off flanker Bobby Mitchell, who in the past has carried the Redskins' entire attack on his shoulders.

### STATE POLICE HOLD PISTOL SHOOT

Shown examining the target of the highest score in five shots, all in the bull's-eye, are left to right, Col. Sanders of the National Rifle Assoc., Sergeant Ash, who did the shooting and State Police Superintendent George Everett.

For the fifteenth year the Indiana Ford Dealers Association has presented the winning team of the Indiana State Police Pistol Shoot with five .22 target pistols. Headquarters team of Indianapolis is shown above receiving the awards. Left to right, 1st Sgt. George Bradford, Staff Capt. Stanley Guth, Lt. Sam Burch, Staff Capt. James Peva, Indiana State Police Superintendent George Everett and John Earnshaw, who presented the awards.

## Radium Found In Mobile Dump

MOBILE Ala. UPI — Hospital authorities continued their efforts today to discover how two small vials of radium found their way to the city dump.

Authorities said no one was apparently exposed to possible radiation from the radioactive material.

A hospital spokesman at Mobile General said the vials, about the size of matchsticks,

were noted missing Tuesday. A quick search led to the city garbage dump where they were found.

## Mystery Clouds Deaths Of Couple

LOS ANGELES UPI — Mystery today surrounded the death of an Altadena, Calif., chemist whose wife, a doctor, was found drowned in the family bathtub, just one day previously.

The deaths of Dr. Marion W.

Riggs, 46, and his wife, Dr. Marilyn L. Riggs, 38, orphaned their children, John 7, Richard, 9, James, 11, and Leslie, 10.

Mrs. Riggs, crippled by polio since 1957, was found dead in the bathtub Monday morning by her husband. Several hours later his car struck a stopped school bus in nearby La Crescenta.

## U. S. Takes Steps To Avert War

NICOSIA, Cyprus UPI — The United States moved urgently

today to avert the possibility of war between Greece and Turkey over Cyprus.

President Johnson ordered Undersecretary of State George W. Ball to cancel plans to return to Washington from Geneva tonight and to go instead to Athens and then Ankara.

The action came as the United Nations reported the eruption of heavy new fighting between feuding Greek and Turkish Cypriots in the Kyrenia Mountains.

Over 300,000 French homes were destroyed in World War I.

## Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

### Readers Are Asking . . .

Why are food and water forbidden before an operation?

This strict order by the physician is of great importance to the surgeon and to the anesthesiologist. An "empty stomach" makes the anesthesia even safer and prevents the possibility of food entering the lung passages.

When emergencies occur and surgery is imperative even if the patient has just eaten, there are now many safety devices that are scrupulously devoted to this particular surgical problem.

Climatic Adjustment  
Why is it often so difficult to adjust to new climates during a short visit?

Changes in altitude, humidity and barometric pressure definitely affect the normal functions of the body.

The heart, the lungs and the blood circulation must undergo a period of adjustment to unusually high altitudes.

Overexertion in a new climate should be avoided for a short period of time to allow the body to "acclimate" itself and stabilize its functions.

Ordinary Cold?  
Are antibiotics necessary for ordinary simple colds?

The diagnosis of an "ordinary, simple cold" and the treatment of it depend entirely on the judgment of the physician.

Too many people neglect a severe infection under the

misguided belief that it is "only a cold." On the other hand many will panic at the first sniffle and unwisely begin taking self-prescribed doses of antibiotics left over in the medicine cabinet from past infections.

The decision of whether or not to use an antibiotic can only be safely and accurately made by a doctor, who bases his conclusions on expert knowledge, judgment and past experience.

Not Always A Sign  
Is blood in the stool of an adult always a sign of cancer?

Emphatically no. The most frequent cause of fresh, red blood in the stool is hemorrhoids (piles). A tiny crack or fissure around the rectum may break a small blood vessel, when straining is excessive during a bowel movement.

Although most blood in the stool is not serious, it is imperative that the cause of all bleeding be determined immediately.

Reflex Mechanism  
Should sneezes be suppressed?

No. Sneezing is nature's reflex mechanism for ridding the nose of an irritating or offending substance. The nose should be covered, of course, to avoid spreading germs. Never squeeze the nostrils during a sneeze, for this may injure the ear drum.

Politics Proves Complex Game

By United Press International

The moderate Republican forces engaged now in trying to bar Sen. Barry Goldwater from next month's presidential nomination have put their faith in leaders who speak 'double talk' and who will not lead.

For every step Gen. Dwight D. Eisenhower has taken toward the stop-Goldwater leadership, he has taken at least a full stride to the rear. A strange maneuver for a professional soldier.

Gov. William W. Scranton of Pennsylvania seems not to be able to make up his mind. Dispatches are referring to him as the Harrisburg Hamlet.

Gov. Nelson A. Rockefeller of New York is beginning to look good in terms of frankness in comparison with the non-leaders and double talkers. He knows he is licked but still considers himself to be best fitted for the presidency. Moreover, he rates Goldwater as unfitted and he says that too.

Rockefeller is matched for frankness by Gov. George Romney of Michigan who says Goldwater won't do and promises to

oppose his nomination by all means. But Romney is not a Republican leader. He is, in fact, scarcely a Republican and the party regulars distrust him if they do not actually dislike him.

Romney's frankness will not surprise anyone who knows him well. The Michigander is a forthright man. He scorns double talk and he never runs away from honorable controversy. Romney is a man of decision. If this paragraph reads like a prescription for what the moderate Republicans urgently need in the way of a leader, then, so be it. They have no such leader now.

Richard M. Nixon matches Romney for mind speaking. Nixon has said in language and under circumstances warranting belief that he will not join a stop-Goldwater movement, believing that such a maneuver would wreck the Republican Party. Nixon says also that he absolutely will support Goldwater if the senator is nominated.

The Republican Party, thus, knows where Nixon, Rockefeller and Romney stand. The party does not know where Eisenhower and Scranton stand either. Or if they do know, they are not saying.

Goldwater says he might be stopped if Ike, Nixon and Scranton teamed up against him. And if they did that, Goldwater says he probably would withdraw because the maneuver would destroy the party.

Justice court is not the forum in which to determine questions of such constitutional gravity."

Amish School Case Dismissed

HILLSDALE, Mich. UPI — Eleven Amish fathers who were brought to court for refusing to permit their children to attend schools taught by certified teachers, had their cases dismissed.

Hillsdale County Circuit Judge Robert McIntyre dismissed the charges, holding that "the crim-

inal justice court is not the forum in which to determine questions of such constitutional gravity."

McIntyre said the case created a constitutional question between religious beliefs and the rights of the State Board of Education.

"We have here a head-on collision between two constitutional provisions," said Judge McIntyre, referring to constitutional provisions for public education, and guarantees of freedom of religion.

The Amish fathers were charged by the State Department of Public Instruction with violating state school laws by

not sending their children to schools with certified teachers. The Amish have two one-room school houses in Camden, and their teachers have the equivalent of eight grade educations. They refused to hire qualified teachers.

Judge McIntyre defended the Amish people of Camden as "generally law abiding citizens and are not given to wilful disobedience of civil authority of any kind."

COLLEGE LEASING

NEW YORK (UPI) — The leasing fad is new catching on in the academic world.

Colleges and universities, in-

creasingly hard pressed for student housing as a result of booming enrollments, acquire use and eventual ownership of new dormitories under a "pay-as-you-go" lease plan offered by C.I.T. Educational Buildings Inc. Lease payments, over a maximum of 12 years, are met out of normal student room rentals.

# KEEP COOL WITH MILK

## A Salute To The DAIRY INDUSTRY

June is a most fitting month in which to raise a salute to the Dairy Industry, as has been the annual custom these past 28 years.

June is when summer comes, when the cool goodness of milk, the wonderful convenience of Dairy Products, provide more dramatically than at any other time during the year just what the housewife needs to furnish her family with easily prepared, appetite stimulating meals and vitalizing refreshment.

There is yet more reason for Saluting the Dairy Industry. Dairying comprises one fifth of all of our agricultural activity. Progressive attitudes of Dairymen in search of better farming methods and improvement of the quality of their products also have made the Dairy Industry an important part of our economy.

The partnership that has grown up between Dairymen and our business community, which provides them with the modern machinery, the power, the services and supplies, and the needs of their families, all essential to their progress, has contributed jobs and prosperity to our area.

I TRIED TO SPLIT THE SISTER ACT... BUT I WOUND UP PLAYING SHUFFLEBOARD WITH BOTH OF THEM....

AND WHEN I SIGNED UP FOR THIS PICNIC THE AGENT TOLD ME THERE'S AT LEAST FIFTY UNATTACHED GALS TO EVERY GUY....

THE TWO WIDOWS WATCH EACH OTHER SO ONE WON'T HAVE A BETTER TIME THAN THE OTHER....

AND THE GALS CAME ON THIS CRUISE IN HOPE OF MEETING AN UNATTACHED MALE....

He got rich being president and co-owner of a number of firms. This is the third marriage for each.

Now Playing at The Voncastle

A cartoon version of the thrilling climax of "Flipper's New Adventure," in which a leaping Flipper knocks a villainous escaped convict from a boat on which he has terrorized Luke Halpin and his girl friend, Pamela Franklin. A sequel to Metro-Goldwyn-Mayer's sensational success "Flipper," the new Ivan Tors production, filmed in color in the Florida Keys and Bahamas, offers an even more fascinating story of the unique friendship between a boy and an almost human dolphin.
